

RAMSEY AND CAVALIER COUNTY SPECIAL MEETING
CAVALIER COUNTY COURTHOUSE
APRIL 22, 2019 5:00 p.m.
Discussion: Edmore and Starkweather Coulees

The meeting was called to order by Cavalier County Chairman Larry Gellner

Complete list of people in attendance is listed along with the minutes in the official minute book.

Edmore Coulee:

Discussion was the Edmore Coulee spillway at Schledorn bridge area, and the best way to alleviate the water that spreads out into the flat area south of Lawton. One thought was the spillway could have settled and doesn't functioning as it had in the past.

Engineer Dan Fischer along with Bryce Mathison were there to give progress on what has been done so far on the Edmore Coulee clean out and answered questions from the local farmers and board members.

What has been done at the time of the meeting.

Cross sectioned every quarter mile.

All structure has been shot.

Probed and know where the clay is.

Then next order of progress will be:

The grade lines

NRCS

The Core

Then to run the vote when (passes) spray cattails.

Bob Blake move that the Chairman of both Cavalier and Ramsey Water Board meet with Walsh County Water Board to see if they want to include the small area of Walsh County that the Edmore Coulee runs through in the Edmore Coulee clean out. Second by Jim Berg. **Motion carried.**

There were a lot of questions concerning the Edmore Cleanout that were answer well by Dan Fischer.

Starkweather Coulee:

Van Howatt said that there is only about 1 ½ acres left in the Starkweather Coulee maintenance, it is the very north part and would like to get that completed.

With no other questions the meeting was adjourned.

Duaine Ash,
Vice Chairman: _____

Marlene Morse,
Office Manager: _____
